PARTNER PLATFORMS

How do we empower our community of doctors?

24x7 and the latest

Latest and most relevant content delivered round-the-clock that is accessible without any geographical or commercial barriers.

Discuss science with the community freely

A GDPR compliant, unbiased platform for any verifiable doctor to openly network with peers across the globe, discuss patient cases, ask for KOL opinions and much more.

Only relevant & updated information. We promise you- "No nonsense!"

AI-based hyper-personalized feeds for doctors as per their specialty and interest areas to access new treatment options, latest guidelines, practice management and much more!

Simple, easy & immersive

Crisp and immersive content with rich clinical information, with authentic references. 1000+ complex cases, daily news, webinars, surgeries, quizzes, journals & more on the go!

The Docplexus "X Factor"

Treatment Guidelines

Differential diagnosis, First-line of therapy, Alternatives, Dosage in co-morbidities - All in our updated library of guidelines.

Docplexus Surgery Suite

LIVE surgeries - from the OT, with reputed surgeons, their insights and tips.

Accredited CMEs

CME Credit points + enriching clinical interactions on the latest topics.

Clinical Practice Tips, including Non-Medical Essentials

Tips from experts for better clinical practice - including other essentials like financial management, managing patient reviews, medicolegal topics, and much more!

Summaries of Latest Clinical Studies

Our experts dissect the latest published studies with key highlights and practical takeaways.
